A. Informative Report

1. TCC in the News

In December TCC and Oklahoma State University announced a partnership to help more students move from an associate's degree to a bachelor's degree. TCC hosted OSU President Burns Hargis and OSU-Tulsa President Howard Barnett on the Metro Campus. The transfer agreements established nearly 20 new paths and strengthened 19 existing paths so students can complete an associate degree at TCC and transfer to complete a bachelor's degree. Each year, approximately 600 TCC students transfer to OSU.

A graduate from TCC's Registered Nurse program, and the mother of five, was featured in a <u>Tulsa World</u> newspaper article. The young woman got her certificate during a December graduation ceremony. The Community Action Project of Tulsa County and CareerAdvance, a work-readiness program, helped with the cost of school.

TCC hosted Chancellor Glen Johnson with the Oklahoma State Regents for Higher Education for his Tulsa regional legislative tour on January 13. The event was well attended with more than 80 people in the room. Several of the TCC regents attended along with two state regents, leaders from OSU-Tulsa, OU–Tulsa, OSU Center for Health Sciences, NSU, RSU and Langston–Tulsa along with several lawmakers.

President Obama's announcement regarding community colleges and free education opened the door for TCC to talk about Tulsa Achieves. The College received great media coverage from local media outlets, <u>The Oklahoman</u> and some out-of-state media outlets.

A selfie that Dr. Goodson took, along with some TCC international students, appeared in the <u>Tulsa World</u> with an article entitled *The Age of the Selfie*.

Tulsa Community College director of financial aid Karen Jeffers was interviewed for a story about filling out the Free Application for Federal Student Aid or FAFSA. She went over common mistakes and provided parents with some tips for the process.

The December issue of *TulsaKids* named TCC as one of the Best Companies for Working Families for 2014. The College was selected along with 20 other companies representing banking/financial services, energy companies, non-profits, educational institutions, corporations and retail businesses.

Employees at the Conference Center raised more than 350 pounds of canned food during the holiday food drive which was donated to the Community Food Bank of Eastern Oklahoma.

TCC student Rebecca Miller has been selected as a Gates Millennium Scholar for the 2014 -2015 academic year. Ms. Miller is a Pre-Nursing major from Stilwell High School. The Gates Millennium Scholars Program, initially funded by a one billion dollar grant from the Bill and Melinda Gates Foundation, selects 1,000 scholars each year. Since the program's inception, more than \$120,000 has been awarded to TCC students.

- <u>Accounting Certificate, Payroll Administration Specialist option:</u> Replace ACCT 2523 Accounting Software Applications with ACCT 2393 Accounting Information Systems. No change in credit hours.

Reason for all Accounting changes: Financial Accounting Applications is a course originally designed to help students transition from manual ledgers to computers and is no longer needed. Since the Accounting Software Applications course is already required under the Accounting Software Application Specialist option, it is not needed in these options and the course replacements strengthen these three options.

- <u>Diagnostic Medical Sonography AAS and Certificate:</u> Replace PHYS 1013 Applied Medical Physics with ALDH 1013. No change in credit hours. Reason: This course is taught for allied health programs only so it will now be carried under the Allied Health subject code, ALDH rather than under PHYS (Physics).
- <u>Environmental Science & Natural Resources AS</u>: Replace ECON 2013 Principles of Macroeconomics with ECON 2023 Principles of Microeconomics. Remove several elective courses. Credit hours changed from 61-63 to 62-63.

Reason: Changes will enhance student transfer to both OSU and RSU.

# 1. Changes in Academic Programs (continued)

Regent Ballenger: The Academic and Policy Committee met prior to the board meeting and is recommending some changes to our academic programs. We are recommending that we delete the Engineering AS, Electronics Technology option, which was created for articulation to NSU's program that was terminated, but we still have an Electrical Engineering Technology program with a focus on electronics which transfers to OSU. Ms. Cyndie Marshall, academic program compliance specialist, will provide comments as to why some of the other changes were made.

Ms. Marshall: The reason for all the accounting changes is that courses designed to help students transition from manual ledgers to computers are no longer needed or taught. We are replacing this course in the Accounting Specialist option, for both the AAS and Certificate, with the Accounting Information Systems course. This course provides a study of alternative accounting systems and practice using accounting software which is more relevant today. Since the Accounting Software Applications course provides an in depth study of an accounting software package and is already required under the Accounting Software Application Specialist option, it is not needed for the Payroll Administration and Accounting Specialist options and the course replacements noted above strengthen the curriculum in these options.

The Changes in the Environmental Science and Natural Resources AS degree will enhance student transfer to both OSU and RSU. This is the result of recent articulation meetings with both schools.

### 3. Family Medical Leave (continued)

Ms. Pat Fischer (associate vice president for human resources): In order to keep current with the federal Family Medical Leave Act (FMLA) we are updating the College's Family Medical Leave Policy. The Family Medical Leave Act was passed in 1993 to provide employees with job protection in the case of extended absences from work due to the birth or adoption of a child, a personal illness, or the illness of a close family member. At that time, the Board approved a policy statement as required by the law and the College has been administering the policy according to the law since that time. As is normal, federal law is often modified either by case law or amendments to the law which has happened in this situation. The revision being presented updates our policy to keep it in compliance with the law and separates policy from procedure, as we have been doing over the past seven to eight years.

Chairman, TCC Board of Regents

### Family Medical Leave

The Family Medical Leave Act of 1993 (FMLA) provides employees special job protection when balancing work responsibilities with the demands of personal illness, injury or in caring for family members.

The Act provides employees with twelve (12) weeks of job protected leave for the following reasons:

- time off to care for a new born child;
- adoption or foster care placement of a child;
- employee's own serious health condition;
- care for an immediate family members serious health condition;
- a qualifying exigency arising out of the fact that a qualifying family member is on covered active duty; or
- twenty-six workweeks of leave during a single 12-month period to care for a covered service member with a serious injury or illness if the eligible employee is the servicemen's spouse, son, daughter, parent or next of kin.

The President and Chief Executive Officer of Tulsa Community College or designee is directed to develop, maintain and facilitate procedures that will provide compliance to the Family Medical Leave Act.

Legal Reference: FMLA Section 109 (29 U.S.C Chapter 28)

#### **Family Medical Leave Procedures**

The Family Medical Leave Act of 1993 (FMLA) ensures employees special job protection when balancing work responsibilities with the demands of personal illness, injury or in caring for family members.

The purpose of employees applying for Family Medical Leave (FML) is to protect their job within the rights of the FMLA. FML is taken concurrently with other college leave benefits. Once you have exhausted all your paid leave, FML becomes unpaid leave time. Depending on individual circumstances of the leave, faculty and staff will be required to exhaust any accrued leave which may consist of paid Sick Leave, Vacation, Personal Circumstance Leave, Extenuating Circumstances Leave and Worker's Compensation leave prior to being unpaid. In the applicable situation, Compassionate Leave, sick leave sharing bank, organ/bone marrow donation leave and Worker's Compensation may apply to the FML.

FML provides twelve (12) weeks (480 hours) of protected leave to employees who meet the qualifications. The FMLA benefit year will be based on the fiscal year, twelve (12) month period, measured from July 1<sup>st</sup> to June 30<sup>th</sup> each year.

To be eligible for FML, an employee must have been employed with the college for twelve (12) months, which need not be consecutive; must have at least 1,250 hours of service within the previous twelve (12) months, as of the beginning of the fiscal year; and work at a location with 50 or more employees within a 75 mile radius.

To qualify for FML, employees must complete the necessary forms and certifications and take leave for one of the following reasons:

- 1. Prenatal medical care or birth of a child and to bond with the newborn child within one year of the birth;
- 2. The placement with the employee of a child for adoption or foster care and to bond with the newly placed child within one year of the placement;
- 3. For the employee's own serious health condition that makes the employee unable to perform the functions of his or her job;
- 4. For care of an immediate family member who has a serious health condition;
- 5. Any qualifying exigency arising out of the fact that the employee's spouse, son, daughter, or parent is a military member on covered active duty.

#### **Military Family Leave Entitlements**

FML includes a special leave entitlement that permits eligible employees to take up to 26 weeks of leave to care for a covered service member during a single 12-month period. A covered service member is (1) a current member of the Armed Forces, including a member of the National Guard or Reserves, who is undergoing medical treatment, recuperation or therapy, is otherwise in outpatient status or is otherwise on a temporary disability retired list for a serious injury or illness or (2) a veteran who was discharged or released under conditions other than dishonorable at any time during the

five (5) year period prior to the first date the eligible employee takes FML to care for the covered veteran and who is undergoing medical treatment, recuperation or therapy for a serious injury or illness.

The FMLA definition of a "serious injury or illness" for current service members and veterans are distinct from the FMLA's definition of a "serious health condition."

### **Employee Responsibilities**

When feasible, employees should give a 30 day notice to their supervisors when requesting leave. When 30 days' notice is not possible, the employee must provide notice as soon as practical.

To be approved and protected under the FMLA, employees must return the necessary medical certification paperwork supplied by Human Resources which will need to be completed by a licensed physician. Medical certification may be required prior to approval of leave, indicating the employee is unable to perform their job or the employee is needed to provide care for a family member. Continued medical certification may be required but not more frequently than every 30 days unless the college has reason to believe the employee is able to return to work. Leave may be denied if the employee fails to provide the required medical certification.

A medical release from the treating physician will be required prior to an employee returning to work.

# **Employer Responsibilities**

The College will notify employees requesting leave whether they are eligible under the FMLA. The notice will specify any additional information required as well as the employee's rights and responsibilities. If an employee is not eligible for FML, the reason(s) will be defined in the notice.

# **Coordination of Leave**

If a husband and wife both work for the college and each wish to take leave for the birth of a child, placement of a child for adoption or foster care, the husband and wife may only take a combined total of twelve (12) weeks of leave. Leave for birth, adoption or foster care of a child must be taken within one year of the birth or placement of the child. Additionally, if both a husband and wife work for the college, the husband and wife may only take a combined total of 26 weeks of qualifying exigency leave.

# **Definition of a Serious Health Condition**

Under the FMLA, a serious health condition is an illness, injury, impairment, physical or mental condition that requires either inpatient care or involves continuing treatment by a health care provider for a condition that either prevents the employee from performing the functions of the employee's job or prevents the qualified family member from participating in school or other daily activities. A serious health condition does not include short-term conditions which may require brief treatment or recovery of less than three (3) calendar days or voluntary or cosmetic treatments that are not considered medically necessary.

# **Definition of Immediate Family Member**

An immediate family member will be interpreted to mean the father, mother, spouse or domestic partner, child, sister or brother of the employee (or other person who occupies such positions in the family). An employee may be needed to provide care to the family member, for example:

- When the family member is unable to care for his or her own medical, safety or other needs, because of the serious health condition or needs help in being transported to the doctor; or
- To provide psychological comfort and reassurance to the family member with a serious health condition.

# Definition of Qualifying Exigency on a Covered Active Duty

Qualifying exigencies are situations arising from the military deployment of an employee's spouse, son, daughter, or parent to a foreign country. Qualifying exigencies for which an employee may take FML include:

- Making alternative child care arrangements for a child of the military member when the deployment of the military member necessitates a change in the existing child care arrangement;
- Attending certain military ceremonies and briefings;
- Taking leave to spend time with a military member on rest and recuperation leave during deployment;
- Making financial or legal arrangements to address a covered military member's absence;
- Activities related to the care of the parent of the military member while the military member is on covered active duty;
- An employee may take qualifying exigency leave for the deployment of a son or daughter of any age.

The FMLA also includes a special leave entitlement that permits eligible employees to take up to 26 weeks of leave to care for a covered service member during a single 12-month period. Eligible employees include current members of the Armed Forces, including a member of the National Guard or Reserves or a veteran who is temporarily discharged or released under conditions other than dishonorable.

# **Use of Intermittent Leave**

Employees are not required to use leave in one block of time. Leave can be taken intermittently or on a reduced leave schedule when medically necessary. Employees should make reasonable efforts to schedule leave for planned medical treatment so as not to unduly disrupt college operations.

### **Benefits and Protection**

During FML, employees will retain health coverage under any "group health plan" on the same terms as continuing to work. While on leave, the college will pay medical premiums incurred for employee coverage only.

Employees failing to return to work from unpaid leave, except where health conditions will not permit or death, may be required to reimburse the college for premiums paid on behalf of the employee during the extended leave.

Time on leave of absence without pay may not count toward credited service for Oklahoma Teachers Retirement (OTRS) purposes. In these instances, the rules of the Oklahoma Teachers Retirement System will prevail.

### **Returning from Family Medical Leave**

Medical proof of a full release to return to work will be required prior to an employee returning to work. Any release with restrictions must be approved by Human Resources prior to the employee returning to work.

Upon return from FML, most employees must be restored to their original or equivalent positions with equivalent pay, benefits and other employment terms. Use of FML cannot result in the loss of any employment benefit that accrued prior to the state of the employee's leave. Key employees ranking in the top 10% of the highest paid employees at the College may be excluded from the job guarantee provision if there are reasons justifying such an action.

Employees will be required upon return from leave to reimburse the college for any pending insurance premiums paid that were a normal deduction from the employee's payroll. While on leave, employees will normally pay for their premiums on a payroll-by-payroll basis or through direct bill. Any pending premiums due will be deducted from the employee's paycheck upon return from leave.

# **Exhaustion of Family Medical Leave**

Other appropriate College leave policies may run concurrently with the provisions of FMLA. Once an employee has exhausted eligibility under FMLA, the employee must return to work promptly or pursue additional paid or unpaid leave consistent with another College approved leave of absence.

The college will not interfere with, restrain or deny the exercise of any right provided under the FMLA and the college will not discharge or discriminate against any person for opposing any practice made unlawful by FMLA or for involvement in any proceeding under or relating to the FMLA.

#### Exceptions

The authority to grant exceptions to one or more of these policies and procedures is vested in the Office of the President.

#### 4118 Extended Family and Medical Leave

Upon written request by an employee, the College will grant up to 12 weeks (480 hours) of unpaid leave during any 12-month period to each full-time staff member, either professional or classified, for the birth of a child in order to care for such child, for the placement of a child with the employee for adoption or foster care, in order to care for a child or spouse or parent who has a serious health condition, or because of a serious health condition that makes the employee unable to perform the functions of the employee's job. Spouses who are both employed by Tulsa Community College will be entitled to a total of 12 weeks of leave between them per 12-month period for the birth, adoption or foster care of a child, or to care for a sick parent.

To be eligible for leave, the employee must have been employed by Tulsa Community College for at least 12 months and must have worked at least 1,250 hours during the same 12-month period.

During leave for a serious health condition of the employee or family member, the employee must provide from a licensed physician sufficient written certification of the medical necessity.

It is the intent of the College to coordinate its existing sick, family care, and maternity leave with the 12-week family and medical leave. In cases involving the birth or placement of a child, the employee must substitute any maternity leave for any part of the 12-week period of such leave. When the leave is due to a serious health condition of the employee, the employee must substitute any accrued sick leave for any part of the 12-week period of such leave. When the leave is due to serious illness of a child, parent, or spouse of the employee, the employee must substitute any of the three days of paid family care leave for any part of the 12 weeks of unpaid leave.

An employee may not take leave for the birth or placement of a child on an intermittent or reduced leave basis unless the College and the employee agree otherwise. An employee may take medical leave intermittently, or on a reduced leave schedule, when medically necessary. The medical certification must include the expected dates for and planned duration of the medical treatment as well as a statement of the necessity for the intermittent leave.

The College may require the employee to transfer temporarily to an equivalent position that will better accommodate recurring periods of leave. Family leave may be taken intermittently only if the College and the employee agree. Aggregate intermittent family leave shall not exceed 12 weeks in any 12-month period.

An employee on medical leave will be required to furnish the College with a statement from a licensed physician authorizing the employee to return to work. Employees on family leave shall return to work on a pre-approved return date. The employee shall be reinstated in the same or a similar position, provided the employee returns to work within 12 weeks. Coverage under the College's Medical, Dental, Life and Long Term Disability Insurance Program will continue during approved family leave. The College may require the employee to refund all premiums paid on behalf of the employee if the employee fails to return for reasons other than the serious health condition of the employee or an immediate family member. The employee will be responsible for the payment of all employee-paid insurance premiums during leave.

In any case in which the necessity for family or medical leave is foreseeable, family or medical leave shall be requested, in writing, through submission of the "Leave Request Form" by the employee to his or her immediate supervisor at least 30 days prior to the commencement of the requested leave.

# III. NEW BUSINESS Community Relations Report January 22, 2015

# C. Community Relations Report

Regent Garber: The Community Relations Committee met early in January. There has been a great push in the marketing campaign for spring enrollment, including social media, mail, radio and TV campaigns. Five direct mail postcards included information on spring enrollment support, financial aid availability, work-ready graduates, and the Tulsa Achieves program.

The Oklahoma's Promise program, is a unique program set up by the Oklahoma Legislature for 8<sup>th</sup>, 9<sup>th</sup>, and 10<sup>th</sup> grade students that will help pay for their college education if their parents' income is \$50,000 or less at the time the student applies for the program. It provides a free college experience and is a critical financial resource for hundreds of TCC students who might otherwise not be able to afford college each year. The regents received copies of a Promise Fact Sheet and TCC Legislative Sheets that were created to provide support for public and legislative affairs efforts.

Tulsa Achieves received additional recognition throughout the local area in response to President Obama's proposal to make community colleges free. In order to increase awareness of TCC's program and position TCC as a leader in addressing access and degree attainment, the External Affairs staff crafted a media statement and talking points for Dr. Goodson, which generated significant, television, radio and print newspaper coverage including locally, statewide and regionally. Currently, TCC can provide free college tuition and fees to the 8,000 or so students that have attended or are attending TCC through Tulsa Achieves. If, under the President's proposal, tuition is offered to thousands of other students, we need to know where the funds will come from to support it.

The Office of Sponsored Programs pursued multiple funding opportunities including the development of a "Blue Book" to advance its strategic planning for current and future funding opportunities at the state and federal level. This program book will reflect TCC success and outcomes with existing grants and include future needs opportunities for grant consideration. The book is being developed in draft form for an upcoming visit by Dr. Goodson to Washington for key meetings with Senator Inhofe, Representatives Cole and Mullins as well as officials from AACC.

Dear Lennette,

Please accept this letter as formal notification of my intent to retire effective February 1, 2015. This should allow my Oklahoma Tulsa Teacher's Retirement to begin February 1, 2015.

It is with sadness that I leave Tulsa Community College as I have greatly enjoyed my sixteen years here. I will always treasure the professional and personal friendships that I have made with TCC employees and international students.

Sincerely,

Miana Klinghagen

December 3, 2014

Dave Poth Associate Dean Business Information Technology Division Southeast Campus Tulsa Community College

Dear Dave,

Please accept this letter as notification of my intent to retire effective July 31, 2015. This should allow my Teacher Retirement to begin August 1, 2015. It has been a hard decision, I have enjoyed my thirty years as a member of the faculty and shall cherish the friendships that I have made at TJC/TCC. I do plan on continuing support for Tulsa Community College's pursuit of academic excellence.

Sincerely,

4 Hunt

FROM:	ELMER GODENY	AND MATHEMATICS
그는 사람은 영화에서 감독을 받는다.	RESIGNATION DECEMBER 17, 2014	

I would like to thank you for the opportunity of working at the TCC West Campus. It has been a wonderful three years. The people at TCC, and the West Campus in particular, have been great and seem like a family. However, I have accepted the Dean of STEM position at Atlantic Cape Community College in Mays Landing, New Jersey. Therefore, I am submitting this letter of resignation as Associate Dean of Science and Mathematics at the TCC West Campus. I am planning to work at TCC up to and including January 2, 2015 as my first day at Atlantic Cape Community College will be January 5.

If you need additional information, please let me know.

6. Recommendation for Approval of Early Notice Incentive Program

The administration recommends approval of an Early Notice Incentive Program. The Early Notice Incentive Program will allow the College to effectively recruit, hire, and prepare for the 2016 academic year. The Incentive would offer a one-time payment of \$2000 to a full-time employee who submits an irrevocable letter of retirement by March 1, 2015, and retires between May 1, 2015 and September 1, 2015.

Dr. Goodson: This is not an early retirement benefit program. This recommendation is specifically designed to encourage employees to provide notice of their impending retirement so we may better plan for the 2016 academic year.

As discussed previously with the regents, the board format will change to a new format to be presented at the March meeting. We will be changing to a consent agenda format which should make future board meetings more efficient.

1. Ratification of Change Order No. 1 to Houchin Electric Project No. 15001

The administration requests ratification of Change Order No. 1 to Houchin Electric Project No. 15001 to add \$47,803.84 to the Southeast Switchgear Replacement Project contract. This change will increase the total amount of the contract to \$486,620.24.

Regent Garber: After a scheduled Board approved maintenance project at Southeast Campus which replaced core electrical infrastructure, one of the three main power lines which feed the campus from PSO failed to re-energize. TCC staff alongside contractors with Houchin Electric quickly isolated the fault, purchased, and then replaced the impacted cable. However, the additional time and materials required for the project exceeded the total contract amount necessitating a request for the Board to ratify the original contract with Houchin Electric. This dollar amount reflects approximately 1,000 feet of cable purchased, installed, and then tested to from the 81st Street pole to the campus power plant. This was a mission-essential purchase required to maintain campus operations and restore power to the Southeast Campus.

- 2. Recommendation Regarding Interior Demolition of the Riverside Aviation Center

In accordance with State statutes for bidding, Flintco solicited bids from sub-contractors for interior demolition of the Riverside Aviation Center per bid specifications and plans, which where were developed by GH2 Architects.

After careful consideration and evaluation of the bids by Flintco, and subsequently Tulsa Community College, it is the recommendation of the Construction Committee, that bid package No. 1 in the amount of \$244,512.00 be accepted.

Regent Garber: As part of a previously Board approved initiative, this request for approximately \$250,000 allows Flintco to begin demolition work at the Riverside Jones Aviation Hangar. The total cost of the project is still being assessed by architects and the construction management team. However, this approval effectively serves as the beginning of Phase I of the project and will be deducted from the overall project cost. As engineers confirm final pricing for the guaranteed maximum price, this approval allows the College to make progress on its construction timeline with the goal of finishing by the end of the calendar year.
